

DPSU AGM RESOLUTION # 1

May 13, 2010

Sponsor: Unit Executive

Votes Required: 2/3

Page in Handbook: 11

THAT By-laws Article # IV, Article Section 2, Election Procedure # 10 b) be amended by addition of “**as selected by the Election Chairperson**” after “tellers” and before “shall”.

It would then read:

10 b) The tellers (up to 10) as selected by the Election Chairperson, shall perform two (2) counts prior to giving the results to the Election Chairperson for the announcement to the membership.

RATIONALE:

Having the full complement of staff representatives required to perform two counts is difficult to execute in terms of tasks to be completed and as such is impractical. Eight to ten tellers is realistic. Seventy (70) or more tellers would unnecessarily increase the amount of time consumed to complete the two-count requirement. This change would simplify a process that has the potential to be unwieldy and dysfunctional. The proposed change strikes a balance that maintains a practical and transparent process.

EXECUTIVE DISPOSITION: APPROVAL
